#INTELLIGENCE
#EXPERIENCE

CELTIC-NEXT is...

- **Public Private Partnership** with Eureka Countries and some regions
- **Open** to any organization willing to contribute to industry-driven ICT research and innovation collaborative projects
- **1000 private and public organisations:**
 - large industry players
 - small & medium-sized enterprises (40% of programme participation)
 - academic/research institutions
- **Several Calls per year, including joint calls with other clusters**

Benefits of CELTIC

- **Bottom-up**

Proposers are free to define their project proposal according to their own research interests.

- **Close to the market**

So far projects have led to more than 1050 new or improved products and services.

- **High Success Rate**

High-quality proposals have a good chance of receiving funding.
Average success rate 60 %.

- **Flexibility**

Project focus can be adjusted to new technological developments in the field.

Key performance indicators:	
New or improved products	1050
Number of directly generated patents	515
Prototypes/Field Trials	1020
Contributions to standards	1360
Journal publications/Conference publ.	3200
PhD and Mater thesis	1000

CELTIC OFFICE

2019-2020 : Great achievements !

3 Calls for Proposals in 2020

- Joint CELTIC Eurogia Call in Spring (30th March)
- AI Joint Intercluster Call (15 June)
- CELTIC Autumn Call

Active role
as Intercluster Spokesperson
in the definition and set-up
of the Eureka clusters AI call

Opportunities to collaborate globally

- Europe
- Canada
- South Korea

- And in the future also with other countries (Japan, Singapore...)

Let's invent a smarter world together !
